Rotation Area Description

With ten matched Governor's Cup 22's, plus a spare, on the racing venue, there will be no need for rotations. However, teams will draw for boats each day of racing.

Sailing Area Conditions

November in Newport Beach can bring any type of condition, ranging from light, shifty southerly winds to Pacific storm induced westerlies, to warm offshore Santa Ana winds. Normal conditions would be a westerly breeze building to about 10-12 knots in the afternoons with light wind chop and medium swell.

COACHING PLAN

Will coaches be on the water or on land? Will this change depending on race course or championship?

Our plan is to allow coaches on the water, hopefully grouped into host-provided coaching RIB's
