Proposal for the ICSA May 21, 2018 meeting

Current dues are as follows:

\$130 for regular and provisional teams

\$70 for associate teams

Proposed increase effective 1/1/2020 to:

\$200 for regular and provisional teams

\$100 for associate teams

The last dues increase was in 2002. Our organization has changed dramatically since then with many, many upgrades and updates including an increased web presence, ICSA support of conference websites, online regatta registration for national championships, full development of TechScore to replace the old scoring program and tracking of sailors for All American selection.
