

## 2022 ICSA Nominating Committee

### Report and Nominations

This year's Nominating Committee was composed of Adam Werblow, Ali Blumenthal, Blaine Pedlow and co-chairs Anna Morrow and Dillon Paiva. The committee worked again to fill at-large spots on the ICSA Board of Directors and Standing committees when the diversity portfolio in Article VII of the ICSA Bylaws was not met. Achieving the full diversity portfolio on all boards and committees is a slow process; however, each year conferences are able to find a handful of candidates that are not directly involved in college sailing who are interested, willing and able to volunteer their time to help the ICSA.

This year's nominating committee made the decision to invite back all of the at-large board and committee members who served last year. All but one of those invites was accepted. Additionally, three new names were put forward by the PCCSC and NEISA. You will see those names listed in their new spots below.

There were two additional names that were submitted for positions that were ultimately not selected to be voted on, Jacob Woodhead as a Club Sports Administrator for the Board of Directors and Ian Burman for the Executive Committee. The complete list of board and committee members to be voted on is below.
