

## 2016 Match Racing Proposal

Proposed by Clinton Hayes and John Vandemoer, PCCSC

Goal: Make sure our championship falls in line with ISAF. The reason why is to make sure our events are graded and that they are as close to the events that our sailors will sail outside of College Sailing.

Timeline: Propose at 2016 Midwinter meeting, looking for approval for the Spring 2016 meeting. Changes to take effect in the fall of 2016.

Changes:

1. Use the new match racing rules that go into the book in 2017 in Fall 2016.  
Reason: The other match Race events have already switched or will be switching this year. The rules are significant enough that it will be hard to change back and forth. It is a high likelihood they will be sailing under the new rules this summer.
2. Change in format to match the match racing tour format:
  1. Round Robin
  2. Reprichage 4 for last 2 spots- Carry over scores from round Robin, Top 2 move on to Quarters as seeds 7 and 8.
  3. Eliminate 1-6 Seeding round
  4. Quarters: First to 3 point knockout
  5. Semi's: First to 3 point knockout
  6. Finals: First to 3 point knockout
