

Sailing World College Rankings Report

Working with Sailing World, this fall we debuted a new system of college rankings. A panel of sixteen rankers ranked the top 20 coed and women's teams several times throughout the season.

Goals Achieved:

- More consistent rankings from consistently informed individuals
- Better communication with Sailing World to determine exactly which weeks and periods we would publish rankings to ensure they were relevant to the sailing going on.

Areas of Improvement:

- Develop Criteria for Ranking Panelists
- Bring back season prognostications
- Develop more insight/narrative into the rankings

Moving Forward:

Spring Dates:

Feb 15: Spring Season Preseason National Ranking and Spring Prognostications

March 15: National Ranking 1

April 1: National Ranking 2

April 15: National Ranking 3

May 1: National Ranking 4 and Nationals Preview
