

Proposal for use of Unmanned Aerial Vehicles (Drones) at ICSA Regattas

1. No one may operate an Unmanned Aerial Vehicle (Drone) over an ICSA Regatta without specific permission from the OA.
2. In considering requests for Drone operation, the OA shall consider the following:
 - a. All Drones shall be operated in accordance with federal, state, local and institutional regulations.
 - b. No more than 2 and preferably no more than 1 Drone shall operate over any 1 race.
 - c. Drones shall remain at least 50 feet above water level during the race.
 - d. Any video footage taken by the Drone shall be made available to all teams competing in the race.
